### Day 0 - 3rd May

**Pre-trip meeting** for everyone 5.30 p.m, outdoor area, Kimberley Croc Motel. This meeting is important. If you cannot make the meeting, please advise us well in advance. If the flight schedule is changed so that those arriving that day cannot get to the meeting on time, we will delay the start of the meeting until the plane is in.

### Day 1 + 2 - 4th + 5th May

7am pick up from your accommodation. A 45 minute drive to the start of the walk. Around 2-3 hours walking with packs to the first camp. We may decide to have two nights at the first camp to offer time to settle into the landscape and the group. Our camp is beside a pristine pool and is close to some stunning waterfalls.

### Day 3 - 6th May

A half day walk to the next camp where we spend two nights.

### Day 4 - 7th May

Will be spent exploring the area without packs and diving into our NVC journey

### Day 5, 6 + 7 - 8th - 10th May

Another half day walk to our next camp. We will spend 3 nights here giving us an opportunity to both explore the surrounding area as well as some spacious NVC exploration.

### Day 8 - 11th May

We will walk back downstream, to a different place to camp. We will spend one night here with some extra explorations without hiking packs.

### Day 9 - 12th May

We will walk back to our first nights camp and spend time at some magnificent waterfalls to harvest our learnings from the journey.

### Day 10 - 13th May

Walk out to meet the pick up vehicle. Return to Kununurra. Drop off at your accommodation. We expect to be back in Kununurra by lunchtime.

**Please note:** Although we ask you to read through all of the notes + bushwalking guides in order to prepare yourself, this trip includes a maximum of 3-4 hours each day with packs and optional longer walks with day packs
